AMERICAN EDUCATION WEEK

One of the largest fraternal organizations of the state has set next week apart as American Education Week and the members of the different lodges in the jurisdiction of California will meet and hear facts about the public school system of the land.

The people should know all about the schools. There is no other institution that is so closely connected with the life of our nation. People are all together too prone to leave matters of this kind to others. We know that the schools are progressing and are well managed, but unless we have an intelligent and sympathetic understanding of the ideals and aims of the educator we cannot give the co-operation we should.

The public school of today is the great training camp for the American of tomorrow. Do you, Mr. Reader, know what your boy is learning? Do you know anything about the school conditions. It is time you did. Your responsibility does not end when you have paid your taxes. Acquaint yourself next week with school affairs. Find out whether or not the school in your community is giving your boy and girl and your neighbor's boy and girl everything to which they are rightly entitled. Next week will be a good time to start this all-important duty.

TWO CALIFORNIA CABINET MEMBERS

California now has two members in the President's cabinet. That speaks pretty well for California. We are a far west state and yet the president comes clear out here to the Golden Gate to choose two of his official family. Time was when California had never a peep in on the official affairs of state. We were just a people way off from the centers of population, education and business.

Now we are one of the populous states. We have the largest and best educational institutions of the world located within our borders, a great deal of the world's big business is done here, so centers are changing.

But the changes are not the reasons for our having two members in the president's cabinet. Herbert C. Hoover and Curtis D. Wilbur are the real reasons. They are men who have made their worth recognized. They have both come up through the school of experience. Each knew what he wanted to be and worked until he had accomplished his purpose.

The world knows that Mr. Hoover is the right man in the right place. Much is expected of Judge Wilbur as Secretary of the Navy. He should be the best naval secretary the country has ever had. He is a graduate of the U. S. Naval Academy and served as an officer in the navy. His sympathy is with the naval work, and he knows its needs. He certainly should be the man for the place.

California may well be proud of its two cabinet officers.

POLITICS AND OIL

The efforts of certain politicians to inject dead men into the national oil controversy are disgusting. The story that Jake Hamon has offered General Wood the Republican nomination and that he was to receive therefore the Interior portfolio is foolish. Jake Hamon couldn't make anyone president. Mark Hanna might have been a president maker, but there has not been another of his kind, and with the direct primary in vogue there will not be. The people of the United States will do their own selecting.

Jake Hamon is dead and decently buried. He should be allowed to rest in peace. General Wood is not a factor in the present campaign. He should be left out of the controversy. It hasn't been proved yet that the oil leases are a bad thing for the country. Until that fact has been proven, people should reserve their judgment.

EDUCATION MEETING NEXT FRIDAY

Mr. Charles H. Merrill, master of Redwood City Lodge No. 168, F. & A. M., has arranged for an Education meeting for next Friday night at the Masonic hall.

The meeting will be under the direction of Roy W. Cloud, county superintendent of schools and the program will be made up of musical and literary numbers. The speaker of the evening will be Mr. Charles Victor of San Francisco. Mr. Victor is a successful business man, who has interested himself in school affairs and has a grasp and breadth of understanding concerning educational work. He is a polished speaker and can be counted on to give an instructive and entertaining address. The meeting should be one that will go down in the annals of the lodge as one of its most valuable gatherings.

RETIRED POUND MAN

TO BATHE LIMOUSINES

Alek Hope, who formerly presided at the local calaboose for stray pets, has changed his vocation, according to information which he has broadcasted this week. Sir Alek, as he is popularly known, has finally decided to abandon his profession of manhandling horses' tails and will hence forward devote his talents to the bathing of automobiles. Alek has secured a position across the street from the Southern Pacific station, and there he will be "at home" to those who wish his tontorial arts applied to their four-wheeled pets. Alek will also bring his sponge and chamomile to the home of those who desire their varnished

beauties polished and carried in their own back yards. So remember, no matter how badly your car may need washing, there is still Hope.

ROBERTA ROMERA WEDS

IN SAN FRANCISCO HOME

A wedding of considerable local interest is that of Roberta Romera and Harold Heagney which took place at the home of the bride in San Francisco last Saturday evening. The bride and her family formerly resided on Arguello street here, having recently removed to San Francisco. Mrs. Heagney is a niece of Mrs. Ed. Dearborn of this city. She was attended at the wedding by her cousin, Miss Grace Dearborn.

CALIFORNIA CREATES INTEREST IN EAST

According to the official records of Lloyd Root, state mineralogist, the wise and wealthy men of the East have directed their attention to California, and are preparing to journey west for the purpose of acquiring possession of the hidden wealth of this vast empire on the shores of the Pacific.

During the past year a total of seven thousand inquiries have poured into the office of the California State Mining Bureau, a fair proportion consisting of detailed requests for information from easterners, who are preparing to extend their activities here.

The financiers while interested in the production of petroleum, are more especially attracted to the mineral substances used in structural materials, industrial, salines and fuels.

"Tremendous interest has been developed in the production of cement," said Root. "The demand for this product is growing by leaps and bounds on account of the increase in construction. Any person possessing clay deposits will find ready purchasers in the near future. Brick and tile are growing in demand yearly as are miscellaneous stones."

"Recently we have had numerous requests for information regarding iron deposits. Our annual production is present is but 4,000 tons, but our ore deposits are so vast that there is practically no limit to the possible production, provided the experiments now being conducted for the manufacture of pigs come up to expectation."

"Simultaneously with the request for iron information are scores for coal data. Fortunately for the State's potential iron industry, the deposits of bituminous and sub-bituminous coal are so vast that both ingredients needed to turn out tremendous quantities of this important metal are ready at hand."

"It is quite probable that California will witness a revival of coal mining on a far greater scale than was evidenced in 1880 when the peak of production reached 269,000 tons. Interest has been manifested in the fields in Shasta county, but more attention has been directed to the large proven coal area of Monterey county, where millions of tons have been developed and are ready to be mined."

RAVENSWOOD P.-T. A. NOTES

Plans for "Movie Night" on Saturday evening, May 10th, were made at the regular monthly meeting of the Ravenswood Parent-Teacher Association in the school auditorium last Friday afternoon. The following committee was appointed: Messrs and Mesdames J. A. Cameron, V. H. Harding, W. A. Romes, E. R. Lam and Mrs. Frances Hamilton.

As the election of officers for the ensuing year will be held at the April meeting, the following committee was selected: Mesdames S. J. Israel, C. W. Converse, Geo. Stransky, R. R. Waterbury and Miss Bernice Ewell.

The program for the afternoon consisted of piano numbers by William and Joan Towers, and readings by Mrs. Findlay on "The Household's Money"; by Mrs. C. W. Converse on "Child Training"; and by Mrs. J. B. Maynard on "Your Responsibility to Your Parent-Teacher Association."

Everett Johnson of San Francisco, a friend of the groom, acted as best man. The affair was a private home wedding and only the families of the two young people were present. Among the guests were Mr. and Mrs. George D. Squires of Woodside, parents of Mrs. Romera and Mrs. Ed. Dearborn. After the wedding the young couple left for a trip to the southern part of the state.

An optimist is one who says he would rather live in the North and have snow all winter than live in the tropics and be in constant danger from falling coconuts.

NOTICE of ELECTION

FOR Trustees of Elementary Schools

Notice is hereby given to the Electors of Redwood City School District, County of San Mateo, State of California, that the Annual Meeting for the election of School Trustees will be held on March 28, 1924 (last Friday), at the Public Schoolhouse in said district.

There will be one Trustee to elect for three years.

The polls will be open at 8 o'clock A. M. and kept open until 8 o'clock P. M.

The officers appointed to conduct the election are:

Blanche Hopkins, Inspector.

Thos. Stott, Judge.

J. Lee Pipkin, Judge.

School Trustees

C. M. DONSEE

JOHN W. POOLE

HENRY STEINBERGER

Redwood City School District.

Dated February 22, 1924.

Supervisors Hold Regular Meeting

The last regular meeting of the county board of supervisors was devoted mainly to a discussion of the traffic officers' legal status and salary. The matter was brought up by the receipt of a letter from the State Motor Vehicle Department. In this letter which was signed by Will Marsh, chief of the department, the situation of San Mateo county in regard to the employment of traffic officers was gone over and means of securing the desired results, that of having the highways of the county properly patrolled, suggested. According to Marsh, at the salary of \$250 a month as suggested by the supervisors, the salaries of the traffic officers would amount to \$18,000. There is only \$15,000 available from the auto registrations, from which the men would have to be paid.

Marsh suggested that the salaries be reduced \$175 and the county pay for the upkeep of the machines, etc., which were to have been kept up by the men. As an alternative to this he suggests cutting down the number of officers. The district attorney and the assistant county auditor were present and were called upon for opinions by the board. It was

finally decided that the only way in which the matter could be settled would be to have a representative of the Motor Vehicle department present at the next meeting of the board and go over the entire situation with him.

A petition was presented to the board by District Attorney Swart for the abandonment of a portion of a public road on the coastside. The road is now in use and will be abandoned to enable Dante Dianda of Granada to build a dam. The petition was ordered published in the Halfmoon Bay Review, and the matter will then be heard. The board of supervisors went to Granada last Thursday with the idea of looking over the situation, to form an opinion as to the advisability of the action.

William Moore of the California State Automobile Association, appeared before the board and spoke concerning the signs which the association places along the public highways to direct travelers. Moore recalled to the supervisors how he had appeared before the same board three years before, and had been informed that the county had not sufficient funds to erect the signs which were at that time required. The association had, therefore, erected the signs at its own cost. At present, said Moore, 47 of the signs would

need to be replaced because of their damaged condition. This the association proposed to do at its own expense. It asked, however, that the county appropriate \$150 to cover the expense of erecting 109 additional signs in the county. This amount was allowed by the board on a motion of Supervisor Hickey.

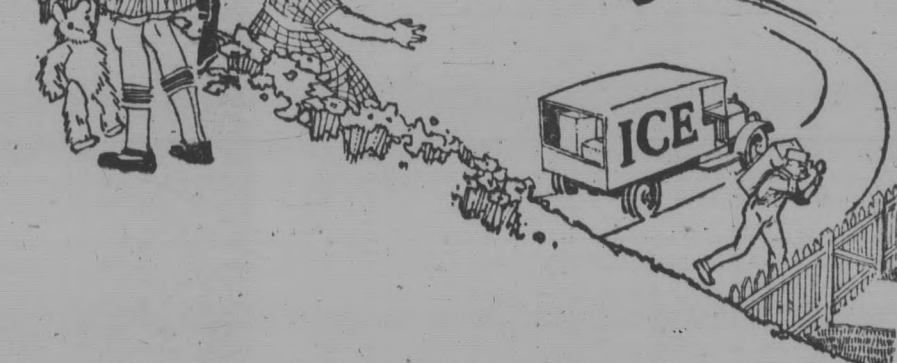

A petition was received from Arthur G. Bray of this city asking to be appointed constable of the Third township, in place of the incumbent, James Logan. This matter was laid over upon the suggestion of Supervisor MacBain, until Logan's resignation has been received by the board.

A letter was received from the head of the Camp Fire Girls, requesting information concerning the San Mateo County Memorial Park. The clerk was instructed to write to the girls stating that the park would be open about June 1st.

A communication was received from the War Department's San Francisco headquarters stating that a permit had been requested by the Portland Cement Company, who are erecting a large plant here, for the erection of a wharf.

The report of the social service commission of the county was received and filed and state aid allowed to a family of orphans, according to a recommendation made by the commission.

A health hint for Spring—use ice EVERY day

Spring weather is fickle. It's a good time to guard against little ills that often turn out seriously. Watch your food! There's no better health insurance than good pure food. And there's no better food insurance than the regular use of ice—every day. It keeps foods always fresh and wholesome—free from the dangers of changing temperatures.

Make this a Fordson Year

Have dependable Fordson Power ready when the fields are first ready for breaking. Through all the year, use its steady, versatile power for bigger profits on every farm task that requires power.

To be sure of this, however, we must have your order now. Spring with its peak load of Fordson buying orders is almost here. Don't wait. Order today. Make this a Fordson year.

Ford Motor Company
Detroit, Michigan

A Business

Such as conducted by the P. G. and E.

Without Profit

IT does not seem plausible. Yet, it is true. The P. G. and E. operates without profit, as the word "profit" is generally understood.

Neither is this Company operated on the "cost plus" plan. Legal restrictions make that impossible.

The P. G. and E. is a public utility concern. As such, it is regulated by the Railroad Commission—the People's legally appointed agent.

Rates heretofore fixed are only high enough to cover cost of help, materials, taxes; and to permit a fair interest return on the reasonable cost of the properties used.

The Law does not sanction rates high enough to create revenues in excess of such costs—and it does not guarantee the Company against loss.

By careful, efficient management, the Company earns enough to pay expenses—and to pay its security holders a fair rate of interest on the money invested in the operative properties of the business.

This "interest return" is the only "profit" allowed.

ACCUSED OF MURDER
ACQUITTED BY JURY
Carl Snell, an Oakland printer who has been held in the county jail since the killing of his step-father, Anthony Benson, on December 26 at South San Francisco, was released last Tuesday when the jury which had listened to the case decided that Snell acted in self-defense. The evidence in the case differed considerably, and witnesses were introduced on both sides of the case. Among the witnesses introduced by the prosecution were Dr. F. S. Doll, Isabelle M. Campbell, Albert S. Schamberger, Dr. S. Fraser and Ethel Truax. Mrs. Benson, widow of the murdered man, appeared as a witness for her son, and the defendant took the stand for his own defense. According to Snell, Benson threatened to kill both himself and Mrs. Benson. It was to save his mother, Snell said, that he killed Benson. The prosecution was represented by District Attorney Swart, the defense by J. J. Bullock. The jury in the case was as follows: Mary E. Archer, Marian A. Lippman, Ellen R. Bell, Eugene Pescaro, Willie R. Hunter, Mary H. Elliott, William M. Moore, Basil Schindler, Blanche E. O'Brien, Hans M. Agard, John F. Cummings, and Thomas P. Devlin.
LOUIS WOLHEIM DISCOVERED
BY LIONEL BARRYMORE
Louis Wolheim, appearing in support of Lionel Barrymore and Sena Owen in the new Comopolitan play, "Unseeing Eyes," which comes to the Sequoia Theatre next week, will be recalled for his memorable portrayal of the title role in Eugene O'Neill's play, "The Hairy Ape." He is a discovery of Lionel Barrymore, who engaged him for a part in a film that he made at Ithaca, N. Y. Wolheim was a student in Cornell at the time.
Later, Barrymore signed him for a role in one of his stage productions and trained him in the art of acting. When O'Neill wrote his romance of "The Beauty and the Beast," known as "The Hairy Ape," he recommended Wolheim for the part. The play and the hit he scored in a part of theatrical history. Since then he has appeared in numerous Comopolitan productions, including "The Face in the Fog," "The Go-Getter" and "Little Old New York." As "Progen Place" in "Unseeing Eyes," Wolheim does the best work of his career, making the most of his villainous character, a human, vital and picturesque individual.

LESTER HERRICK GRANTED
CHANGE OF VENUE IN SUIT
FILED ASKING MAINTENANCE
A suit for separate maintenance brought by Mrs. Eleanor Miller Herrick against Lester Herrick, wealthy resident of Atherton, head of a large auditing firm of San Francisco, will be tried in the Superior Court of San Mateo County according to an order for a change of venue signed this week by Superior Judge George H. Buck.
The complaint asks that the wife be awarded maintenance of \$2000 per month. It was filed at Redwood City February 13, alleging that Herrick spent two nights each week away from his Atherton home.
Motion for a change of venue was recently filed in the Superior Court in this city by counsel for Herrick on the ground that his legal residence had been established in San Francisco. It was alleged in affidavits that he had not resided at Atherton for over six months. Mrs. Herrick filed counter affidavits in this city by counsel for Herrick not only that she and her daughter, who she intended to change his place of residence. She further stated that she had found an earring belonging to someone else pinned in an article of Herrick's clothing. Herrick never heard of such a piece of jewelry being found, he answered.

REDWOOD PAINTERS FORM
PAINTERS' LOCAL UNION
Union painters of Redwood City last week formed a local branch of the Painters' Union, and last Thursday held their first meeting. The local painters have formerly been affiliated with the San Mateo organization. The local was organized by Walter H. Emes, organizer of the Brotherhood of Painters, Decorators and Paper Hangers of America, who addressed the painters at their organization meeting here.
Officers have been chosen as follows for the local: Otto Mahel, president; Thomas Wilson, vice-president; Charles Bethel, financial secretary; B. T. Fletcher, recording secretary.

NOTICE
TO
Taxpayers
OF THE
Town of Redwood
City for the Year
1924
All Taxpayers are required by law to annually make and deliver to the Assessor a statement, under oath, setting forth, specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock meridian, on the
First Monday in March
Accordingly, you are required to fill out the assessment blank in question and deliver the same at the office of the Assessor immediately making oath thereto.
The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed, and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person so refusing to a fine of \$100.
Any information relating to the assessments will be furnished upon application to the Town Hall.
W. A. PRICE,
Assessor, Town of Redwood City.

Cleaning
Without Odor
by the
F. Thomas Process
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly \$500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than the ordinary distillate and leaves a sickening "gasoline" smell in your clothes.

NEWS OF MENLO PARK

Postmaster B. Larrecou announced that he will move into his new quarters in the Murray building tomorrow. A large force will be employed to arrange the fixtures and prepare to deliver the mail as usual on Monday morning. Over 125 new boxes have been installed. The office will be modern and in a position to render excellent service to the public. Mr. Larrecou says the business of the Menlo Park post office has increased over thirty per cent during the past year. This is a good barometer to the increasing population.

The Bear Gulch Water Company had an expert engineer here during the week going over the water situation in Menlo Park. The company contemplates sinking a few wells to aid the present supply so that there will be sufficient water to meet all demands during the coming summer. This will be glad news to all consumers.

Mrs. Campagna, owner of the old French laundry on the highway, has remodeled the building, and has opened it as a lodging house. All her rooms are occupied, and after night she turns away patrons. An up-to-date apartment house would do a flourishing business in Menlo Park.

Mr. Howell, son-in-law of Mrs. Wales, wife of Mayor Wales, is pending the sum of \$10,000 on the Garibaldi place, which he recently purchased. As soon as the improvements are completed Mr. and Mrs. Howell will occupy the residence.

Harry Walsh is out with cards announcing his candidacy for the office of supervisor of the Third township at the primaries in August. He is making a canvass of the district.

It was reported yesterday that William Minear has sold his home in the Linda Vista tract to a San Francisco capitalist. The property was formerly the P. W. Selby club house.

Herbert Fleischacker, the financier and capitalist, accompanied by his family will depart for Europe in May. He will make a tour of the continent and will be gone all summer.

Leon Douglas and family contemplate leaving about the first of April for Europe to visit all important capitals of the continent. The party is to be joined by A. G. C. Hahn and family. They will not return until late in the fall.

Count and Countess Eric Lowenhausen and their two children, Jan and Alaric, who have been passing several months here and in Atherton, left Thursday for the East. They will visit Bermuda before going to their home in England.

Thursday afternoon in the auditorium of the grammar school building a Parent-Teacher Association was organized with a membership of 82. Much enthusiasm was manifested by the ladies in the organization of the new association. Mrs. A. W. Colby and Mrs. Hayes of Burlingame were present to organize the association. Both ladies delivered interesting addresses setting forth the aims and objects of the organization, and the benefits to be derived for the schools. The following were elected for the term: Mrs. James T. O'Keefe, president; Mrs. J. H. Sullivan, vice-president; Mrs. William Moore, secretary; Mrs. P. G. Ellis, treasurer; Mrs. V. Mitchell, historian; Mrs. M. A. Becker, parliamentarian; and Mrs. T. J. Worrell, auditor. The organization will meet the second Friday of the month.

PIANO LESSONS—Mrs. Bostwick Barnes, teacher of piano, at studio at Francisco Cottage in Menlo Park on Wednesday and Saturday afternoons. Adv.

month in the school auditorium at 3 o'clock p. m. The new association starts under the most favorable auspices and promises to flourish as the months go by.

Earl Douglass, son of Mr. and Mrs. Leon Douglass of Menlo Park, was host Saturday night at a dance given at his parents' home. About 50 couples were present. Most of them college friends of the host. Douglass is a student at Stanford and a member of Alpha Delta Phi fraternity.

Miss Kathleen Dorn, the attractive daughter of Mrs. Camille Dorn, is en route home from Paris, where she has been for over a year. She will be home within a fortnight, or so, joining her mother at the Francisco apartments. Miss Marion Dorn is still in London, following her career as an artist and designer. The Dorn girls resided in Menlo Park up until a few years ago.

Mrs. Stewart Lowery, who is returning to her home in Menlo Park, was hostess yesterday at a luncheon party at the Lowery home in San Francisco.

Calvin C. Merz, only son of Denis A. Merz, will depart on March 26 for Guam to remain for a long period. Young Merz is a guard bugler with the United States Marine Corps at Mare Island. He enlisted on December 22.

Harry Lucas, who was recently appointed superior judge of Santa Cruz County, lived in the Hillman Cottage on Glenwood avenue until a short time ago. The new judge is well known in Menlo Park. While attending Stanford he often visited here. As a state tax attorney he demonstrated much legal ability. His many friends on the peninsula are gratified and pleased over the appointment. The governor made a splendid selection in appointing Mr. Lucas to the vacant judgeship.

Franklin P. Nutting and family are spending two weeks at San Diego. Mr. Nutting recently leased the Cliff home on Glenwood avenue for a year. He became wealthy in fortunate investments in vineyards in Fresno and other places. Mr. Nutting and his interesting family are an acquisition to Menlo Park.

The sale of one of the oldest estates in Menlo Park may be consummated next week. Should the property be sold a seventy-five thousand dollar home will be erected at once. The property is the most exclusive on the peninsula.

The Peony Gardens will send the first and last selection of the season to the market next week. A bumper crop is expected this year notwithstanding the drought. Berriesmen contemplate fancy prices.

Bert Clute, a former station agent here but for some years in the grapher in the San Francisco fire department, stopped off on his way to his ranch in Monterey county last Wednesday to greet his many friends.

Mr. and Mrs. Edward Eyre, who are spending their honeymoon in the north, will motor south before returning to San Francisco, where they will make their home until the early summer, when they will join the Eyre family at Menlo Park.

THE MENLO GROCERERIA

Where Your Dollar Does its Duty

HELP YOURSELF, PAY CASH

And Buy Gas with the Difference

Runnymede Items of Interest

Rehearsals have been held at most every night for the Runnymede 49er Club literary program for this evening. This is to be a free program, but refreshments will be sold to defray the expenses. The following program will be rendered:

Several musical numbers, both vocal and instrumental; a Japanese can drill by 16 girls; a quadrille; "The Folios of 49"; a burlesque; "Three murders and a suicide," in three acts.

Mrs. C. T. Self and Mrs. Elsie Grimes entertained the cast of the April play for the 49er Club. After their rehearsal Wednesday evening at the home of Mrs. Grimes.

Mrs. Self and Mrs. Grimes have charge of the program for April literary night the 4th Saturday and are planning for a two-hour play for the program.

The Runnymede Boy Scouts are arranging to meet with the Palo Alto scouts. So few of Scout age this year has made it difficult to keep up the interest manifested in previous years. Next year promises more boys for the troop.

Mr. and Mrs. Carol De Mant, Miss Loretta Wardlaw and Mr. and Mrs. H. J. Schneidewind motored to San Francisco Sunday for the McCormick concert.

Mr. and Mrs. O. D. Mills visited with friends in San Jose Sunday. Letter Harper, who was for two weeks in the hospital in Berkeley suffering with poison oak, is able to be out again.

Messrs and Mesdames W. H. Barnett, J. Sekera, W. A. Romes, A. E. Albertson and H. J. Schneidewind motored to Redwood City for the card party Wednesday evening.

Mr. and Mrs. A. E. Martinelli motored to Concord Monday, visiting with the latter's sister and husband. Dr. and Mrs. Stewart and returned home Tuesday evening.

E. P. Barnard, father of Mrs. Elsie Grimes, motored up from southern California the last of last week, and is returning home today. Mrs. Barnard who has been here the past several weeks accompanied him. Charles Wolvorton is driving a

The marriage of Miss Mary Swan Crowther of Savannah, Georgia, and Mr. William Wallace Sprague of Menlo Park will take place Wednesday, April 23, in the southern city. The ceremony will be held at the home of the bride's mother, and Mr. and Mrs. Richard Sprague will go to Savannah for the event. The engagement of Miss Crowther and Mr. Sprague was announced a few weeks ago.

A cablegram announcing her safe arrival in Paris has been received from Mrs. Macdonald Moore, who sailed from New York on March 1. Mrs. Moore went abroad with her niece, Miss Inez Macdonald, and Mrs. Robert Augustus Bray. She has taken an apartment for the present in the Rue Scribe, and she will later go to the Riviera, where she will have a villa for a couple of months.

Italy will also be visited by the travelers before they go to the British Isles, where they intend spending several weeks. Mrs. Moore and Miss Macdonald will be away until the middle of the summer.

Mr. and Mrs. Charles H. Merrill left Tuesday for Los Angeles, where Mr. Merrill will attend the National Convention of Wholesale Credit Men. On Thursday they plan to go to San Diego and Coronado, and will return home Monday.

UNITED STATES LAUNDRY—Phone 11

NEWS OF WOODSIDE

Miss Mary Ellen Morse suffered a serious injury on Monday when in crossing the creek at the rear of her house, on stepping stones, she slipped and fell, breaking the bone of the hip, just below the joint. The broken bone made it impossible for her to move and she lay for some time in the cold water of the creek before being discovered. Dr. Blood was called and had her removed at once to the hospital, where an X-ray photograph showed the nature of the fracture. She is suffering from the effects of the exposure as well as from the fracture.

The sewing circle of the Woodside church met at the home of Miss Addie Tripp on Tuesday and fifteen of the ladies piled their needles industriously during the afternoon.

Mr. and Mrs. Ettore Avagli and family spent the week end at their home here preparing for their early return for the summer months.

Miss Edith Claxton of San Francisco is spending the week with Mrs. John D. Gish.

Mrs. P. D. Jarvis has been suffering from an attack of pneumonia, but is now thought to be well on the way to recovery.

The boys of the Woodside school have at last entered seriously into their baseball practice and, under the efficient coaching of Floyd Kelly, have developed a capacity for the game that they are anxious to demonstrate upon any other school team in the vicinity.

Rev. Benjamin St. John gave an illustrated lecture at the church on Sunday night on the subject of "Awakened India." The talk was exceedingly interesting and the pictures as good as any that have been shown at the church. Both lecture and pictures illustrated the tremendous advance of modern ideas in the last few decades even in that super-conservative country.

Charles Hatfield is operating too far from this point to receive the blame, but somebody has been doing something to our weather. We have been having entirely too much of it, such as it was, during the last week, and have been robbed of our chief pleasure, bragging about the climate.

The rose hedges for which our Woodside roads are famous, are bursting into their glory and the Lady Banksia, Cherokee, La Marke, and Beauty of Glenwood vie with others as to which make the bravest show.

Miss Clara Dodge has completed plans for a trip to Wisconsin where she will spend a few months with her sister, Mrs. Jacob Spoolman, and family. Miss Dodge intends to leave Monday, March 31st, and before her return will visit a number of interesting sections of this country.

If you think the young generation is going to the dogs it is probably because of one of these things: You have forgotten your youth, you believe all you hear without investigating, or you never were young.

TURKEY HATCHING EGGS—For sale good healthy stock, Mammoth Bronze, price 25c per egg. Call all day Sundays at Tony, the Ice-man's store, Woodside. 2tp. 3-1

Why do vegetables differ from fruit?

—because, in general, vegetables (radishes) are, or grow on, plants that die after yielding once. Fruits (apples) grow on plants that keep yielding year after year. Each of the following

Puretest LAXATIVES

differs from the others in action, yet all are effective, pure and safe.

Puretest Epsom Salt—An epsom salt at last that is easy to take.

Puretest Mineral Oil, Russian Type—A gentle intestinal lubricant.

Puretest Castor Oil—Positive in action and easy to give to children.

Three of 200 Puretest preparations. Every item the best that skill and conscience can produce.

On the Newer GAS RANGES

Heat Regulators take the "Bad Luck" Out of Baking

YOU can bake beautifully every time with the newer improved gas ranges. Have you seen that greatest of all cookery aids—the oven heat regulator?

You no longer have the risk and uncertainty of guessing as to whether there is a hot or a medium heat in the oven. The heat regulator is simply "set" just as you set a clock. Then forget it. It holds the heat in the oven exactly as you want it and does away with weary watching.

Your dealer will show you dozens of other improvements—rust resisting oven lining, roll-top compartment for keeping plates and food warm, rubbish incinerator, glass oven doors, insulation to retain heat longer, easy-to-clean enameled surfaces, and many other features developed since your old stove was made.
